PARIS, BOURBON COUNTY, KENTUCKY, TUESDAY, DECEMBER 18 1917.

READY FOR BIG RED CROSS DRIVE.

Plans for the Red Cross Membership drive which was inaugurated Monday, Dec. 17, are rapidly maturing, and interest is being created all along the line.

The local chairman, Mrs. Arthur B. Hancock, and the secretary, Mrs. J. Walter Payne, are busily engaged in completing the arrangements, appointing captains to take charge of the houses-to-house canvass and other important details.

Attention is called to the change in the location of the headquarters from Mrs. Baird's store to the Bourbon-Agricultural Bank, where Miss Frances Clay will be in charge of the enrollment of new members.

All checks for dues should be made payable to Mrs. Frank P. Kiser, who is the campaign chairman.

Everybody—men, women and children—are asked to join the Red Cross, and those who became members last Spring when the local chapter was organized are requested to pay their dues for 1918 now, in order that all may start with the calendar year.

Mrs. Robert Meteer will organize the canvass for members in the county, and Mrs. Wm. G. McClintock will look after out-of-town members.

On account of the weather conditions the work may be difficult, and for that reason persons are asked not to wait to be solicited to become members but to volunteer at their earliest convenience.

Professor F. M. Wood, of the Colored City School, will arrange for a house-to-house canvass among the colored people.

The campaign will close Christmas Eve and every household will be asked to hang in the window a red cross behind which will burn a candle, thus proclaiming that its members are doing their "bit" for the cause of humanity, and are manifesting the spirit of love and sympathy and fellowship which characterizes the Red Cross throughout the warring world.

"Thirteen million separate articles—hospital supplies—the handwork of thousands of American women, were shipped overseas in the seven months ending Nov. 1," said Mrs. J. Walter Payne, of the Bourbon Chapter.

"These shipments aggregate 13,336 cases, and did not include the shipments forwarded to American cantonnments."

"If our American women can make a record such as that, our men—every man left at home—should not only join the American Red Cross himself, but enroll every member of his family. And it should not stop there with men who are employers. Those employees whom he knows to be financially unable to join the Red Cross in its Christmas Membership Drive, the employer

POPULAR MEMBERS PARIS HIGH SCHOOL FACULTY RESIGN.

Prof. E. T. Proctor, principal of the Paris High School, and Mrs. E. T. Proctor, in charge of the English department of the High School, two of the most popular members of the faculty, yesterday tendered their resignations to the School Board to take effect at the end of the school term, January 18.

Prof. Proctor has been tendered and has accepted a responsible position in the insurance world as Superintendent of Agencies for the Northwestern Mutual Life Insurance Company, of Milwaukee, Wis., at a salary of \$3,000 per annum. He will have his headquarters in Louisville, and will have direct charge of the active work of agents covering a large territory.

Prof. and Mrs. Proctor are two of the most popular educators Paris has known in recent years, and their departure from Paris will be a distinct loss to the Paris High School, an individual loss to the pupils under their care, and a loss to the people of Paris and its social life.

should enroll at his own expense as an indication that he is grateful for what the women are doing and for the fact that the war is being fought in Europe instead of in the United States."

A RISING TEMPERATURE PROMISES SOME RELIEF.

The weather forecast for the week as sent out by the Weather Bureau at Washington as follows, offers a slight degree of relief from existing conditions:

For Ohio Valley and Tennessee: Higher temperature and occasional light snows during first part of week; fair and colder second half.

Following the extreme cold of the past week the weather man relented a little bit and threw over the "higher temperature" lever, resulting in slightly warmer. The temperature rose gradually Sunday, and yesterday was somewhat better. There has been but a slight evidence of thaw, and very little of the snow which has impeded travel, covered roofs of houses and the ground, has melted beyond a slight softening of the top crust. Some of the country roads are still in bad shape, though the county road scrapers have rendered most of them open to travel. Beaten paths on the sidewalks were frozen yesterday, making walking dangerous.

Several farmers were in Paris, Saturday and Sunday for the first time since the elements made them virtually prisoners on their own farms. One of them told THE NEWS man of endeavoring to force a passage through an immense drift on the Harrod's Creek pike with an auto, and not succeeding. Returning home he brought six men with big scoop shovels and cut through the drift, which was piled up to a height of twelve feet, according to actual measurements. Another told of being stalled in a big drift on the Paris and Cynthia pike, and digging his way out, had to abandon his machine, and return on foot to his home. And there he remained until Saturday, when with help he secured his machine and towed it to Paris. Numerous instances of the kind could be recounted.

Relief from the coal shortage is promised by the action of the Louisville & Nashville in releasing coal shipments held on side tracks. The gas pressure is still low and unsteady at times. Relief in this direction is also promised soon by the Central Kentucky Natural Gas Company.

HISTORIC OLD HOUSE ORDERED TORN DOWN.

State Fire Marshal Thos. B. Pannell, of Frankfort, after a report made by two of his deputies, who made a thorough inspection, has ordered the Picklin building, on Main street, torn down within thirty days. The old building was pronounced a fire-trap by the inspectors.

The building was erected in 1798, and at that time was considered one of the finest buildings in Paris. The present owner, Mr. W. T. Picklin, who is now in his ninetieth year, occupies one room in the building.

Some years ago Mr. Picklin made full arrangements for his funeral, which he desired held in the Grand Opera House, with a band to lead the funeral procession to the cemetery, playing popular airs, and "with no signs of mourning to be anywhere in evidence." He also had a fine granite monument, with a carved medallion portrait of himself on one side, erected on his burial lot in the Paris Cemetery.

HEALTH AND WELFARE LEAGUE ASKS CO-OPERATION.

In order to facilitate the work of spreading Christmas cheer among the less fortunate ones in Paris, who might otherwise see the gloomy side of a bright time, the Bourbon County Health and Welfare League asks the churches and church organizations of Paris to co-operate with them.

In the years gone by since the League came into existence these bodies have helped its charitable work at the glad Christmas time by donating to the cause such of its gifts as were left over after their own distribution had been made.

The League asks that the same procedure be observed this year by the churches, church organizations and fraternal orders, and that the overflow of Christmas things be sent to the League. To remember those whose Christmas cheer would be slight can in this way be made a labor of co-operation and mutual pleasure.

MAYOR'S PROCLAMATION.

In view of the great work being done by the Red Cross Society, both in camp and on the battle line for the alleviation of the suffering of soldiers and their families, it is earnestly desired that the Christmas drive for new members shall be more than successful.

Therefore, I, J. T. Hinton, Mayor of the city of Paris, proclaim the week beginning Dec. 17, 1917, to be Red Cross week and do urge every citizen to enroll as a member of the Red Cross Society, in order that this organization may have not only the financial aid from the membership fees, but also the helpful sympathy and encouragement that would come with the enlistment of every loyal American as a fellow member in this most worthy cause.

Let us show our patriotism and declare to the world that we are ready and willing to meet every demand necessary to overthrow imperialism and establish the freedom of the people. Let there be more than Bourbon's quota of 3,400 enrolled.

J. T. HINTON, Mayor.

COUNTY EXEMPTION BOARD SENDING OUT QUESTIONNAIRES.

The Local Draft Board of Bourbon County, composed of County Clerk Pearce Paton, Sheriff W. F. Talbott and Dr. Silas Evans, is now very busy sending out the new Questionnaire to the 1,545 young men who are subject to the army draft.

Seventy-eight members of the draft will receive their questionnaires to-day, and beginning again Monday seventy-eight more will be mailed out each day until the entire draft membership has been reached.

Of the 1,545 names in the Bourbon County draft, probably 150 young men have already joined the colors, and this number, of course, will be excepted from the number of Questionnaires mailed out.

The Questionnaire is to be filled out by the registrant and returned to the Local Board within seven days from date under penalty of a heavy fine and one year's imprisonment, and may also result in the loss of valuable rights to the registrant and his immediate induction into military service.

The Questionnaire divides the registrants into five classes, and the registrant in filling out his Questionnaire is asked to indicate into which of the five classes he belongs. Following the classification comes a long list of questions, bearing on the registrant's fitness for some particular occupation, as to what branch of the army registrant desires to be placed in, and many other points in the registrant's life that would be useful to the government in placing the registrant to the best advantage.

The Practice of Usury.

Social workers express concern about the growth of usury. This is an age of hand to mouth living, and many people consider only the question whether there is enough money to pay the immediate bills. The desirability of accumulating capital or making provisions for misfortune never occurs to them. Hence the "loan shark," through whose intervention only is the family able to tide over its periods of special distress. He is a despot controlling more destinies than is often realized. After a household gets in his debt, he grasps a large share of its total income. His interest return is far in excess of that to be secured in legitimate business.

Of course people who live from hand to mouth can never get a low interest rate. The losses of the business are too many. Usury is the penalty visited on thriftlessness. These losses have to be charged up to the honest poor who mean to pay and do. They carry many dead beats on their backs.

A well conducted business will discriminate carefully between borrowers. The man who drinks and gambles is never entitled to credit. If his family suffers, the loan should be made to the wife or children if they are responsible. If not, charity is the only way out. With dead beats and ne'er-do-wells eliminated, there should be good money in loaning to the honest poor at 1 per cent a month.

No regulation of interest rates by law amounts to much. The business is done out of sight and after dark. One man's evidence about it is apt to be as good as another's, and it is next to impossible to prove anything.

In the city of Boston \$500,000 has practically been raised to establish credit unions to loan to the poor at fair interest. Citizens of the Hebrew race, whose people have been so often accused of practicing usury, have been prominent in this effort to check a vile practice. It is a needed charity and a very worthy one.

ORDERS TO ENLIST 15,000 MEN FOR HOME GUARDS.

Here's a chance for patriotic Americans above and below the draft age to do their bit right here at home.

Orders to enlist 15,000 men, needed at once for the United States Guards for the protection of public utilities in this country, were sent out from Washington Friday by H. P. McCain, adjutant for the United States Army.

Recruiting officers were instructed to enlist as many veterans of the Spanish-American war, the Boxer campaign and as many as possible who have seen service in the Philippines, as well as men with experience in well organized fire and police departments.

The enlistment period will be for as long as the present existing emergency. Men who enlist from Paris and Lexington will be assigned to duty at points in this vicinity.

Indications are that Colonel Roosevelt won't be satisfied until we have also declared war against the planet Mars, Jupiter, Venus and Saturn.

STATE SCHOOL BOARD HELPING THRIFT CAMPAIGN.

Co-operating with the Federal government in the nation-wide campaign, Superintendent of Public Instruction Gilbert has inaugurated a war savings stamp campaign among the rural and city schools of the State. He has sent out letters to each of the city and county school superintendents urging them to get behind the campaign and assist in making it a success. Literature and directions regarding the campaign can be secured by the school superintendents from Kentucky headquarters of the campaign in Louisville. Superintendent Gilbert believes that the teachers will take as much interest in the campaign as they did in the Liberty Bond campaign.

CHRISTMAS GOODS THAT WERE BOUGHT RIGHT.

Christmas shoppers this year are trying to save money. Those who are wise will take advantage of the following information: Jas. E. Craven has just returned from Cincinnati, where he bought a car load of good things for his holiday trade. Mr. Craven has told us that has bought more than ever before, consequently bought his goods right. And by being on the ground got the best, picked it out and sent it home. SERVICE STATION

MUST HURRY SHIPMENT OF SOLDIERS' CHRISTMAS GIFTS.

Gifts intended to be sent by parcel post for Kentucky soldiers at Camp Shelby, Miss., should start from Paris not later than December 20; otherwise, there will be danger of the gifts not reaching the boys for whom they were intended in time for Christmas.

Packages that are to be sent by express should be forwarded from Paris not later than December 18. The express companies are always swamped with packages around Christmas time, and any package forwarded from Kentucky after December 17 will stand a very poor chance of reaching the person it is addressed to in time for Christmas. The government also requires that the name of the sender be placed on every package. Colonel W. A. Colston has arranged that several of the officers at Camp Shelby will assist in the distribution of Christmas gifts.

FOR THE BLACK CAKE.

Fresh ingredients for that black cake: Citron, seeded and seedless raisins, dates, shelled nuts, orange and lemon peel, spices, etc.

STATE FIRE MARSHAL ISSUES WARNING NOTICE.

Holiday fires in stores while filled with people are usually holocausts. Light, inflammable decorations make fires easy to start and easy to spread. A match, a gas flame or an electrical defect may do it.

Watch gas jets! Decorations may be carried against them by air currents.

Watch smokers! Do not permit them to light cigars inside buildings.

Do not make the slightest change in electric wiring without consulting electrical inspector.

Fires in winter impose unusually severe hardships upon the firemen. Frozen hands and feet are common incidents in fighting winter fires. Pneumonia frequently follows exposure of those driven by fires out into the cold.

Defective heating and lighting equipments and combustible rubbish in furnace rooms are the usual causes of winter fires. Such fires are unnecessary and will not occur in premises properly cared for.

THE NEWS SCORES AGAIN: PAYS TO ADVERTISE.

THE NEWS' advertising columns proved their worth again in the Friday issue, with a small advertisement inserted by Mr. Drake Thompson, offering a feed slide for sale. The slide was sold in two hours after the paper had been delivered by rural carriers. The purchaser said that the ad was the first thing that attracted his attention, and as this was first-class "selling" weather, he wanted that slide. Consequently THE NEWS was the happy medium for advertiser and purchaser. It pays to advertise—in THE NEWS.

LIEUT. GALLOWAY, POPULAR PARISIAN, GOES TO CAMP.

Lieutenant Fennell W. Galloway, who has been spending the past two weeks with his parents, Mr. and Mrs. Grant Galloway, near Paris, left Friday to report for active service at Camp Zachary Taylor, near Louisville.

Lieut. Galloway, at the time of enlisting in the United States Army was a valued employee of the Peoples Deposit Bank. The latter part of August he was admitted to the Second Officers' Reserve Training Camp, at Fort Benjamin Harrison, Ind., and at the end of a three months' training there received a commission as Second Lieutenant.

Lieut. Galloway is one of Paris' most popular and capable young business men and his success as an officer in Uncle Sam's Army is the unanimous opinion of all who know him.

While at Fort Benjamin Harrison Lieut. Galloway was a member of the Twelfth Infantry. In a handsomely bound booklet, "Jap Points," issued by the Company, the following complimentary notice was printed concerning Lieutenant Galloway, which expresses the outstanding characteristics of the young man in military language:

"Fennell W. Galloway—If a good disposition entitles a man to entrance at the Golden Gate, this young man from Paris (Kentucky—not France) deserves the best and pair of wings in St. Peter's commissary. Galloway is without equal when it comes to rapid fire generosity and thoughtfulness of others. In addition he is a coking good soldier and a hard worker. Before the war he was a bank employee."

Before leaving for Camp Taylor, Daugherty Bros., of Paris presented Lieut. Galloway with one of the latest Victor Phonographs with a number of the latest records, for his Company, which is one of many expressions of esteem in which the young man is held. He is prominent in church work being a member of the official board of the Methodist Church and President-elect of the Paris Epworth League.

One of Mr. Galloway's brothers, First Lieutenant Floyd Emerson Galloway, is in the United States Service as an officer in the National Army, stationed at Manila, P. I.

NEWS OF WOMEN'S WORK INTERESTING TO CLUB WOMEN.

"You Are Called to the Front."

"If there is a single woman in our State who is not doing everything ment, no time for Prussianism, but

in her power to aid in this time of war; if she is neglecting to conserve her food; to buy her Liberty bond; to form the Red Cross; to knit her helmet, or sock, or sweater; to aid in the war-fund campaigns upon her head lies a portion of the burden of hunger, of cold, of lonely life of the soldier. This is no time to waste in frivolities, no time for discouragement, no time for Prussianism, but

every woman on duty! You Are Called to the Front!"

Who said it? At the Cleveland convention, held on November 9th and 10th, Mr. H. P. Davidson made the statement that he might be quoted as saying that of every dollar contributed to the Red Cross for relief purposes, \$1.02 goes for relief. All contributions are at once deposited in the bank and by the time they are sent to the front they have accumulated in interest at least two cents. This information will be rather discomfiting to the man or woman who has willfully spread broadcast the rumor that it takes ninety cents to get the remaining ten cents to the front.

The Red Cross sewing rooms will be closed until January 2. The Surgical Dressing room will be open on Tuesday and Friday for those who may have the time to give. The Red Cross present output in surgical dressings is 3,000,000 monthly. Major Murphy cables to Mr. Davidson that the output must be increased to 5,000,000 monthly and that if the women of America fail to fulfill this quota, it will be the greatest national disgrace the world has ever known.

The Nativity.

At the Opera House on Sunday night, December 23d, the Paris Federation of Women's Clubs will promote a religious community service. "The Nativity" will be presented in Christmas hymn, carols, readings and pictures. This will be free to all religious faiths.

Are you one the Red Cross Honor Roll?

Note the requirements: If membership is held by: The firm and all employees; The farmer and all his help; The teacher and all the pupils; The office and all its force; The Club and all its members.

Bourbon county is this week in a campaign for Red Cross members. We have plenty of company—every county in the United States. Volunteer your name and fee. Shall we be more tender with our dollars than with our boys?

Hang the holly or Christmas bell in one window if you will, but hang the Red Cross service flag in the other. If your boy goes it will be the most beautiful of symbols to you.

PAULINE FREDERICK IN "DOUBLE-CROSSED" TO-MORROW.

"Double-Crossed," a Paramount picture starring Pauline Frederick, which is coming to the Grand Opera House and Alamo Theatre to-morrow, is a modern play of love and intrigue, with a tremendous feminine appeal. It is the story of a young society matron who discovers that her husband, with whom she is very much in love and whom she has always set upon a pedestal, has, in his youth, committed a serious slip. Miss Frederick's emotional acting in the scene where she overhears a detective trying to blackmail her husband with a signed confession is superb and up to her highest standards.

On account of the extreme cold and the difficulty experienced by the county members in getting to Paris, the meeting of Richard Hawes Chapter, Daughters of Confederacy, scheduled for last Saturday, was postponed until next Saturday, January 19. All members are asked to make a note of the date and to be present, weather permitting.

ROUGHEST DECEMBER ON RECORD.

The "oldest inhabitants" of Paris say this has been the roughest December on record. They say they have seen considerable zero weather in this section during January and February, but never before so much rough weather in the month of December. There is some immediate promise of a let-up, but more cold weather is looked for by the Weather Bureau.

A CHRISTMAS SUGGESTION.

Possibly a subscription to THE NEWS would make an acceptable holiday present to some absent friend or to your soldier boy in one of the cantonments. The giver would certainly be gratefully remembered for a whole year.

Each Christmas we are favored with a number of subscriptions to THE NEWS purchased by people who have the paper sent to friends or relatives as a Yuletide remembrance.

NEW HOSPITAL BOARD.

Hon. Claude M. Thomas having resigned as member of the Board of Managers of the Massie Memorial Hospital, and Mr. W. L. Yerkes, another member of the Board, having moved to California, Mayor John T. The resignation of the former members were accepted and the appointment of their successors confirmed by the Board of Council. MILLERSBURG

—Mesdames Anna Darnell and H. D. Jones continue very much the same.

—Mrs. J. S. Clarke and daughter, Mrs. James Price, the latter of Escondido, are guests of Mr. D. C. Clarke and family, of Louisville.

—Mr. Bayles DeBell, of Ewing, and grandson and granddaughter, Master George Jeffreys, and Miss Irene Jeffreys, of Lexington, were guests of Mr. and Mrs. R. M. Caldwell from Saturday until Monday.

—Mr. DeBell returning to Lexington with his grandchildren, Mrs. DeBell has been a visitor in the Caldwell home for several days.

—The Christmas Red Cross Drive is now on here. Millersburg will furnish her quota of members. It is the duty of every American citizen to become a member of the Red Cross. We must do all we can to serve and relieve the boys in the trenches who are sacrificing their lives for the future welfare of our country. The Red Cross Society of America must number fifteen million by Christmas eve. This large army of Red Cross workers has four distinctive meanings: First, to force Germany to realize that the concerted spirit of the American people is backing the American government in this war; second, to spur the morale of our soldiers by pledging to the cause the hearts and minds and money of 15,000,000 Americans back home; third, to bind the wounds of our fighters so that every drop of American blood may be saved to establish world democracy; fourth, to link the spirit of the Red Cross with the spirit of Christmas and hasten the righteous victory that means world peace.

—The remains of Mr. J. R. Long, who died at his home on Saturday at five p. m., on December 8, were laid to rest in the Millersburg Cemetery, Saturday afternoon after an appropriate funeral service at his late home, by Elder E. T. Edmonds, of the Woodland Christian church, of Lexington. A large crowd was in attendance at the home. Mr. Long was not only a popular citizen, but a prominent Mason as well. Owing to the inclement weather it was with great difficulty that the large concourse of friends and relatives found their way to the home and afterward to the cemetery. Elder Edmond's remarks were appropriate, as was the music, which was furnished by a Millersburg quartette. The services at the grave were under the auspices of the Orient Lodge No. 500 F. and A. M., of Headquarters, of which the deceased had been a member for forty-six years. The Masonic services were conducted by Past Master Arch Bailey, of Cynthiana, and were impressive. Amity Lodge F. and A. M. No. 40, also affiliated in the services. The floral tributes were numerous and beautiful, attesting the high standing of the deceased, with his numerous friends and relatives. The active

pall-bearers were William Bishop, G. W. Ross, Malcolm Gaffin, D. E. Clarke, G. W. Taylor and John Kennedy. Honorary pall-bearers: Dr. S. R. Fisher, Thomas R. Jones, Hamlet Collier, J. W. Smith, O. E. Hurst, J. B. Cray, Rev. J. D. Redd, C. G. McClintock.

WORK OF EXEMPTION BOARD TO BE LIGHTER.

In the organization of the new draft classification system, Provost Marshal General Crowder announced Wednesday, due regard was had for the faithful service of the men who compose the district and local boards of the country and their tasks were made lighter than under the old system.

"It is not intended to impose clerical duties on the board members," said General Crowder, "and a chief clerk is authorized at \$100 a month for every local board having over one thousand registrants. Nothing will be asked of local boards except an investigation of doubtful cases and their judicial opinion of the classes into which their registration should be placed, and a general supervision of the records of their jurisdiction as each new draft army may be called."

"The work of being present at physical examinations has been taken from the local boards, while the work of mobilization is such that its representative can readily carry out the instructions, submitting papers to local boards for their signature when required."

BOYS VOLUNTEER IN ARMY Y. M. C. A. WORK.

Under the leadership of Mr. E. T. Proctor, of the City School, 26 boys have volunteered to work and earn ten dollars to be given, that an American soldier may have the advantages of the Army Y. M. C. A. until July 1, 1918.

These boys are part of the one hundred thousand American boys who have thus enrolled for a commendable part in these days of warfare. Not only will the money earned add materially to the comfort and well-being of the men enlisted under the stars and stripes, but the discipline of working is an important item of any boy's life, especially is that true now, and much benefit is expected for these boys who thus engage in unselfish service.

There is a part that the public can take in this splendid plan, as many of the boys will not be able to find their own employment.

Mr. W. O. Hinton is the District Chairman for this Boys Work plan of the Army Y. M. C. A., and arrangements have been made for those who will provide anything in the way of work for Paris boys to telephone the Y. M. C. A., or send word to Mr. Hinton.

If you wish to favor any boy on the list, please select the boy you wish to do your work and notify the Y. M. C. A. whom you have chosen. Otherwise the boy most suitable for the work you have will be assigned to you.

These boys are ready for work after school closes each day, and most of them on Saturdays, too. The boys are looking for this work at once.

CHRISTMAS NUMBER OF THE KENTUCKY MAGAZINE.

The Christmas number of the Kentucky Magazine is out and is one of the most beautiful and interesting issues in the history of the attractive publication. The cover design is a "study" in holly, having a border of holly leaves and berries framing a poem, the subject of which is "Holly," printed in green letters illuminated with red.

The poem is one of the best from the pen of the editor of the magazine, Mr. Webster P. Huntington, and gives a fine spiritual meaning to familiar and favorite Christmas decoration.

"The Dying Year" is the title of a retrospective and well wrought-out poem by Mr. Alan Pegram Gilmour, of Lexington, and the articles and illustrations are all comprehensive, valuable and pertinent to these stirring times. The leading fiction number is a charming love story, "For the Flag," by the gifted writer, Miss Leigh Gordon Giltner.

"Making Christmas Candy" by Waldon Fawcett is one of the articles of practical value.

LOUISVILLE WOMAN'S CLUB DESTROYED BY FIRE.

The Woman's Club, at Louisville, one of the finest edifices of its kind in the South, built in 1902, at a cost of \$40,000, is a mass of ruins at the result of a fire which started from a furnace in the basement.

The Club has been scene of many notable gatherings, and was the home of the numerous social and literary clubs of the city. Many of the most noted orators in the country have appeared there on the lecture platform. The building was of the most modern design. RED CROSS SEAL STAMPS.

The biggest drive in the history of the Red Cross Christmas Seal movement is being made this year. Already 440,000,000 of the little Christmas stickers have been printed and distributed throughout the United States.

Agents in every State and territory in the Union from Alaska to the Canal Zone and from Porto Rico and Hawaii and even in the far off Philippines have been making demands for the stamps. Through these agents the Seals will be distributed to the local and State anti-tuberculosis associations and to other agencies through which they will be put on sale.

Every effort is being made to stimulate the sale of the Seals this year so the \$3,000,000 fund which is the objective will be realized. The country's entry into the war and the consequent revelation of the prevalence of tuberculosis and the danger in which the disease has placed our army has added incentive to the campaign.

Every man, woman and child is being asked to triple the amount of their Red Cross Seal purchases this year. If they bought a hundred Seals last year, they are being asked to buy three hundred this year, as the annual fund to be raised must be increased from the 1916 of \$1,600,000 to \$3,000,000.

Advertising circulars, post cards and letters are being sent out to aid in the sale of Seals. Upwards of 2,000,000 personal letters have been written, and an army of fully 500,000 workers, most of them volunteers, are busy booming the campaign.

Few people who buy the little messages of Christmas cheer realize that more than 1,500 anti-tuberculosis associations of the country derive their chief support from Red Cross Christmas Seals.

TRIANGLE REPRESENTED AT BENEFIT.

Walter Perry, well-known character actor at the Triangle Culver City Studio, will appear on the program to be given just before Christmas for the boys in the Naval Reserves and Coast Artillery Corps now stationed at San Pedro, Cal. Many other motion picture performers will be on the program and some exceptional numbers have been arranged. Perry will contribute a monologue in Irish dialect.

TEXAS PAPER COMPLIMENTS MAJ. ALLEN, KENTUCKIAN.

Major Henry Tureman Allen, a native of Sharpsburg, Ky., Commanding the Ninetieth Division of the U. S. Army, at Camp Travis, Texas, is the subject of a most complimentary sketch which appeared in the San Antonio Express, on November 19.

The writup of Major Allen includes an excellent likeness of this popular army officer, who has rendered such excellent service to his country, together with a three column notice highly complimentary to Maj. Allen.

In referring to Maj. Allen the writer in the Express refers to him in part as follows:

"Fairness and efficiency characteristic of Maj. Allen put at head of Ninetieth Division because he is a leader of men and knows the game of war. The people of Texas and Oklahoma have an interest in Gen. Allen that beggars description. To him they have confided the keeping of their husbands, sons, brothers and loved ones, and upon his shoulders rests the responsibility of the future welfare of these soldiers, 30,000 red-blooded men who are ready to answer any summons and are prepared to go wherever duty calls them as it's people. And it should be a matter to inspire confidence in the hearts of the stay-at-homes that Gen. Allen was selected to lead the 90th Division—not because of any accident of birth, nor yet because of any political affiliation, but because he has been tried time and again in military matters, and each time has been found not wanting.

"Major Allen can qualify as a man with a heart stored with love. He has perhaps the largest family of any man in Texas, for he has 30,000 children at Camp Travis and each and every one of them has been the recipient of his square dealings. While exacting that obedience, that must be secured to win battles, Gen. Allen has for his enlisted men of his division a feeling of affection that crops out in a thousand ways. He wants 'his boys' to find soldiering a pleasure and not an irksome task, and to this end he never tires of having arranged for them those moments of recreation that have become dear to the soldiers at Camp Travis."

Major Allen is related to a large number of Bourbon families of prominence, and has on numerous occasions visited in Bourbon County where he is well known.

Major Allen is a first cousin of Mr. W. B. Allen, of Paris, and an uncle of Mr. Sanford Allen, Mrs. Owen Ingels and Mrs. Louis Rogers, of Bourbon, and of Mrs. Jesse Alverton, of Georgetown, children of the late Mr. Julian G. Allen, who was a brother of Major Allen.

Hall's Family Pills for constipation. (adv-dec)

The press dispatches announce that the mints can't supply one cent pieces fast enough for the demand. Does this foreshadow an advance in the price of copper?

STOMACH TROUBLE AND CONSTIPATION.

Those who are afflicted with stomach trouble and constipation should read the following: "I have never found anything so good for stomach trouble and constipation as Chamberlain's Tablets. I have used them off and on now for the past two years. They not only regulate the action of the bowels but stimulate the liver and keep one's body in a healthy condition," writes Mrs. Benjamin Hooper, Auburn, N. Y.

New York is tearing down Sing Sing, the noted prison. The new penitentiary should have a different name. Sing Sing would be better than Sing Sing.

CHAMBERLAIN'S TABLETS

Chamberlain's Tablets are intended especially for stomach troubles, biliousness and constipation, and have met with much success in the treatment of those diseases. People who have suffered for years with stomach trouble and have been unable to obtain any permanent relief, have been completely cured by the use of these tablets. Chamberlain's Tablets are also of great value for biliousness. Chronic constipation may be permanently cured by taking Chamberlain's Tablets and observing the plain printed directions with each bottle.

While you are waiting for the country to adopt the daylight saving scheme, why not go to bed an hour earlier and get up an hour earlier every day?

CHAMBERLAIN'S COUGH REMEDY.

This is not only one of the best and most efficient medicines for coughs, colds and croup, but is also pleasant and safe to take, which is important when medicine must be given to children. Many mothers have given it their unqualified endorsement.
